Greetings from Aldene and Barry

After a one-year respite, our yearly news release is back!

Aldene retired from the Oak Grove School District after 34 years of devotion to those little bastards. She started a website design company, www.nicerpage.com that features numerous paying and non-paying clients from predominately CA, CO and MI. Aldene loves both the technical and artist aspects of web design. They don't call her HTML Gordon for nothing!

Aldene is riding a new lobster red Aegis bicycle. She has regained her championship form, winning the CA 2000 State time trial championship in Satley, CA. She has over 5,000 miles on her team bicycle. Barry, the un-retired wuz, only has approximately 3,500 miles on his lobster red Aegis team machine. Both Aldene and Barry completed the 470 mile one week Sierra-to-the-Sea bicycle tour in the spring of 1999. We will give bicycle touring a respite now. Too many unskilled wankers! Racing is safer.

Barry completed his first year at Structural Integrity Associates (SI) by becoming an Associate, i.e., partner. Since then a $1B company swallowed up SI. That company was subsequently swallowed up a $200B company! All in one year! Barry was changing health plans every six months! So much for being an associate!

Barry is still the President of the Los Gatos Bicycle Racing Club (LGBRC). Two of the members won a total of four World Championships in Manchester, England and St. Johann, Austria! The LGBRC won more gold medals than the US Olympic cyclists in Australia! You can check out the LGBRC at www.nicerpage.com/lgbrc. Aldene is the club's webmaster.

Haley is still traveling the world with world music master, Bob Brozman. She spends weeks at a time in La Reunion, Europe, Australia, South Africa, etc. organizing concerts and tours for Bob and fellow musicians from Okinawa, France, Canada, India, Hawaii, Africa, etc.

Please keep in touch and please visit us if you every travel to Silicon Valley! We can be easily readily reached at aldeneg@nicerpage.com or bgordon@structint.com .
