

*Happy 2014 Holidays from Aldene and Barry*

Aldene and Barry out for dinner in Reno, before going to Sattley for the Northern California/Northern Nevada District Time trial.

Thanks to Barry's technical expertise, Aldene was again able to participate in the Northern California/Northern Nevada District Time Trial held at Sattley CA, north of Truckee in the Sierras. She placed second in Women's 70-74.

Trying to take a "selfie" in front of the place we met 35 years before to the day. (We met at a singles dance at Alpine Country Club on July 20, 1979, ten years after the landing on the moon!)

Barry, removing the "Gordon Velo" letters from our 29-year-old car before turning it in for cash.

Aldene and Haley in Portland for a visit with friends and relatives

Our 29-year car story: our 1986 Aerostar has taken us to many bicycle events, but we decided it was no longer safe by today's standards. Sadly, we took it to the 'graveyard'. Aldene's Odyssey van has now become our bicycle car, and we purchased a used sedan for Aldene's vehicle.

Our faithful Aerostar's final resting place:

*Love to all,  
Aldene and Barry*
